Praveen Rai

Aspiring Full-Stack Developer | React, Node.js, MongoDB

praveen1234202040@gmail.com | 6306987744 | Ghazipur , Uttar Pradesh
https://github.com/PraveenRaii | https://www.linkedin.com/in/praveen-rai-9r13

Skills

Hard Skills: HTML/CSS, React.js, MongoDB, Java
Soft Skills: Communication, Time Management, Problem-Solving

Work Experience

Intern - Coding Blocks *May 2026 - Jul 2026*

HTML/CSS, React.js, Node.js, MongoDB, JavaScript, Express.js

- Developed responsive web apps using HTML, CSS, JavaScript, React, Node.js, and Express.js
- Enhanced application functionality through backend development contributions
- Gained exposure to full-stack development during internship at Coding Blocks

Technical Projects

E-Commerce Website *2025*

HTML/CSS, JavaScript

GitHub Repository Live Demo

- Developed a responsive E-commerce website using HTML,CSS and JavaScript.
- Implemented product listings, shopping cart, prices calculation and interactive UI.
- Designed a professional, user-friendly interface with responsive layout for different devices.

Quick-Chat Website *2026*

React.js, Node.js, MongoDB, Tailwind CSS, Express.js

GitHub Repository Live Demo

- The project demonstrates skills in building interactive applications with the MERN stack.
- It provides a responsive chat interface for smooth messaging experiences.
- Contributed to creating a real-time communication tool focused on usability and responsiveness.

Parking Booking System *2026*

HTML/CSS, React.js, Node.js, MongoDB, JavaScript, Tailwind CSS, REST APIs

GitHub Repository Live Demo

- Built a web-based Parking Booking System using the MERN stack.
- Implemented user authentication, parking search, slot booking, Google Map, chatbot and payment features.
- Created an Admin Dashboard or manage parking spaces, slots, users and booking.
- Integrated REST APIs, JWT, authentication for backend.

Problem Solving & Data Structures

LeetCode

Problem solving and data structures work emphasizes developing logical thinking and efficient coding skills through practical application of arrays, linked lists, stacks, queues, trees, graphs, searching, sorting, recursion, hashing, and complexity analysis, enabling the design of optimized solutions for programming challenges and enhancing overall technical problem-solving capabilities.

Education

Shri Ramswaroop Memorial University
B.Tech | Computer Science Engineering (2024 - 2028)

National Institute Of Open Schooling
Class XII (2024) **Percentage: 54.4**

Radha Krishna Gupta Adarsh Vidyalaya
Class X (2022) **Percentage: 72**

Certifications

- SQL Pro: AI-Powered Querying - Sunstone School of Technology (April 2026)
- UI/UX Professional Certification - Sunstone School of Technology (December 2025)
- Generative AI & LLMs - Sunstone School of Technology (November 2025)
- Cursor AI: VibeCode Mastery - Sunstone School of Technology (October 2025)

Achievements

- Coordinated ‘Jashn-e-Azadi’ event at SRMU campus, managing cultural programs and student activities involving 150+ attendees.
- Organised and executed ‘Tech Decode: The Ultimate Pictogram Battle’ at SRMU campus, managing a creative technology competition for 150+ students from technical courses.
- Coordinated ‘Chess Championship’ at SRMU campus, managing tournament operations, match scheduling, participant engagement, and gameplay proceedings for 50+ participants.
